

Accessing TaQ Data

Registering for a WRDS Account

You will need to set up a WRDS account to access TaQ data. To sign up for one please register at this website:

<http://wrds-web.wharton.upenn.edu/wrds/?register=1>

Please use your **@mfe.berkeley.edu** e-mail address as the librarian has been notified to accept all e-mails from that domain. When registering, you will need to select “**University of California, Berkeley**” in the drop down menu as well as “**Masters Student**” in the account type drop down.

Logging into WRDS

The screenshot shows the Wharton Research Data Services (WRDS) website. The header features the Wharton University of Pennsylvania logo and the text "wrds WHARTON RESEARCH DATA SERVICES The Global Standard for Business Research". Below the header is a navigation bar with links: HOME, NEWS, ABOUT, and DEMO. The main content area is divided into two columns. The left column contains a "Sign In" section with a "Sign In" button and a "Register" button. Below these are input fields for "Username" and "Password", followed by a "Register for a WRDS Account" link, a "Forgot your username/password?" link, and a "Sign In" button. At the bottom of this column is a link "Have a question? Contact Us". The right column contains a "Welcome to WRDS!" message, followed by "Latest WRDS News" with three items: "CRSP Annual Update - Nov. Available February 20, 2013", "Zacks Trial Extended through March 8, 2013 January 8, 2013", and "WRDS exhibiting at the ASSA Conference (Allied Social Sciences Association) December 14, 2012". At the bottom of the right column is a link "WRDS announces the addition of Zacks data December 6, 2012". The footer contains a copyright notice: "Unless otherwise noted, all material is © 1993-2013, The Wharton School at the University of Pennsylvania. All rights reserved. [Terms of Use / Privacy Policy]".

Enter your username and the password you set up through the link on the email sent from Wharton notifying you that your WRDS account was created.

From the **Select a Data Set** drop down menu select **NYSE TAQ**. The **NYSE Trade and Quote** page is now shown.

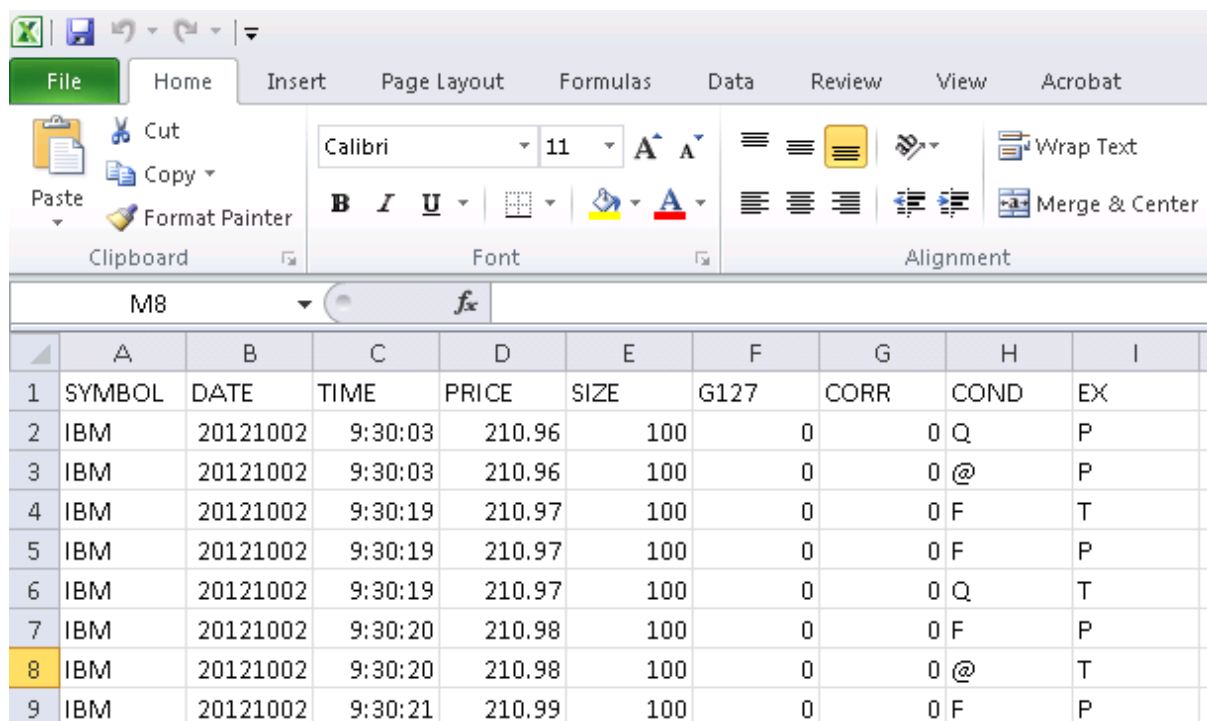

From this page under TAQ - Trade and Quote on the left choose **Consolidated Quotes** or **Consolidated Trades**. For demonstration purposes we will select Consolidated Trades.

TAQ - Consolidated Trades

All trades printed on listed exchanges

Data Range: 1/1/1993 - 10/31/2012

Select one day's data and the time range desired for one stock. Either manually enter the company code or upload a file containing the company codes. Select all available variables. Select comma-delimited text as the output format and submit the query. Download the returned file and load into whatever statistical or analytical program desired.

The screenshot shows the Microsoft Excel interface with the ribbon set to 'Formulas'. The active cell is M8. The data table is as follows:
